

MEET THE DANCERS ALICIA CUTAIA

What is your favorite style of dance?

I actually have two... Ballet because of the discipline of the technique and Jazz because it still has that technical base, but is more stylized and free.

Who or what inspires you to dance?

Music - it just makes me want to move. Also, the personal need to constantly improve and be a better dancer - I am a perfectionist.

What do you think is special about EDE?

It feels like a family.

Besides dance, what are your other passions?

Sewing. I am self-taught so I only make dance wear and costumes, but I would love to learn how to make all kinds of clothing!
