

## MEET THE DANCERS REBECCA MCLINDON

### **What is your favorite style of dance?**

Contemporary movement is my favorite and I really love anything low, grounded and expansive.

### **What drew you to dance?**

I really have no idea what originally drew me to dance. I had a pair of magical dancing socks when I was two or three. Every time I put them on I would just start dancing. So, I guess it was the socks! Movement is an amazing thing. I consider myself a little obsessed.

### **Who or what inspires you to dance?**

Lizzie MacKenzie has had a tremendous impact on my dancing. Her passion for dance is incredible and contagious.

### **What do you think is special about Eisenhower Dance Ensemble?**

EDE is quite different than any company I've worked with thus far. The first thing I noticed about the company was the positive energy that fills the studio. Everyone is working hard towards a common goal and enjoying it at the same time. Laurie immediately respected and trusted each of us and I think that has allowed us to do the same for her and our fellow dancers.
